

## NEARLY CIVIL WAR

Between Opposing Forces in Aguinaldo's Camp.

### WAS ONLY PERSONAL APPEAL

**Of the Insurgent Dictator That Prevented a Clash between the Armies of Gens. Luna and Mascardo—They Were Drawn up in Battle Array Just After Their Defeat at San Tomas—Mascardo to be Court-martialed.**

NEW YORK, May 9.—A dispatch to the Journal from Manila says:

Only the entreaties of Aguinaldo averted last Tuesday a civil war between the forces of his two rival generals, Luna and Mascardo. They were actually drawn up in battle array.

This and a positive confirmation of the news that Luna has been dangerously wounded in the shoulder in the battle of San Tomas are the most important items of intelligence brought to-day by the army gunboats Laguna de Bay and Cavendish, which returned from a brisk expedition up the San Fernando river.

It was immediately before the battle of San Tomas that the insurgents so nearly arrived at the point of beginning to exterminate one another. General Luna when he saw that an engagement with the American troops was inevitable, sent back an aide post haste to Bacolor, where General Mascardo was, demanding reinforcements. Mascardo's reply was that he would take orders from no one but Aguinaldo.

This defiance so infuriated Luna that in spite of the impending conflict with the common enemy he took 1,500 of his soldiers and made a forced march to Bacolor, intent on chastising his comrade in arms. Mascardo was nothing loath to fight it out, and defiance was heard on both sides. Outside the opposing forces the insurgent camp was all confusion. Aguinaldo, terrified by the situation, ordered his chief of staff, Colonel Arguelles, to make peace at all hazards. The soldiers had loaded their pieces and were waiting for orders to begin the onslaught when Arguelles galloped between the lines, frantically waving a flag of truce.

There was an angry conference between him and the rival generals. Aguinaldo was drawn into it. With all the intensity at his command he begged General Mascardo not to plunge the Filipino forces into civil strife at a time when they were already broken and demoralized by successive defeats at the hands of the Americans. His entreaties prevailed for the time being. Luna sullenly retired to the front, after the commanding general had provided him with reinforcements and ordered Mascardo to be court-martialed for not having sent them at first.

The battle of San Tomas followed and Luna, on whose ferocity in the field Aguinaldo placed his chief reliance, received wounds that will surely disable him for the rest of the campaign and may cause his death.

### FALSE AND MALICIOUS.

Governor Thomas, of Colorado, was misrepresented in the papers.

DENVER, Col., May 9.—Governor Thomas, who has been out of the city several days, wired Adjutant General Corbin upon his return late last night, as follows:

"Reported interview of mine concerning Colorado volunteers is false and malicious."

Governor Thomas says he told the interviewer that he had twice requested the return of the Colorado regiment, and would renew the request, and that, as the Spanish war had been terminated, the volunteers should be permitted to return if they wished.

"Beyond this," said the governor, "nothing was said except an expression of a general nature concerning the power of the government to call upon the militia for service in an offensive war."

WASHINGTON, May 9.—Adjutant General Corbin has received the message from Governor Thomas, of Colorado, mentioned in the Denver dispatch. The governor characterizes the interview as false and malicious, and says he would have denied it before had he not supposed the statements were too silly to receive credence.

The text of Governor Thomas' telegram and that of the reply thereto sent by Secretary Alger, are as follows:

DENVER, Colo., May 9. Corbin, Adjutant General, Washington, D. C.:

Reported interview of mine in Denver Rocky Mountain News, Sunday morning, concerning the Colorado volunteers, Manila, false and malicious. Would have denied it earlier, but supposed it too silly to receive credence. I beg you will do me the justice to discredit it. CHAS. S. THOMAS, Governor.

WASHINGTON, May 9. Hon. Charles S. Thomas, Governor, Denver, Colo.:

Your telegram to the adjutant general has been handed me, and I desire to thank you for it. It does credit to you and your state. In the meantime we shall spare no efforts to effect the speedy return of all the volunteers in the Philippine Islands, but it should be borne in mind that the distance and question of suitable transportation makes it appear slow to waving families and friends. It is my desire that they shall have every possible comfort. Their conduct well deserves all that the resources of the government can furnish. R. A. ALGER, Secretary of War.

### A BREWERY LOOTED

By six Masked Burglars—Engineer and Watchman Tied up.

WILMINGTON, Del., May 9.—Six bold burglars, masked and armed, early this morning, at the point of their pistols, overpowered Emil Meyer, the watchman, and Frederick Festing, the engineer, at the Bavarian Brewery, at Fifth and Dupont streets, and then blew open the safe in the office, securing over \$1,500. Of this amount more than \$500 was in cash.

The burglars appeared about 2:30 o'clock. Festing was at work in the engine room when he heard a step behind him. Turning around he looked into the barrel of a revolver. Festing was too frightened to speak, and he was pushed into a small storeroom. There a second burglar was waiting. The two tied the engineer hand and foot and he was warned to keep quiet. He could hear other men drilling on the safe in the office.

About that time the whistle which is connected with the safety valve began

to blow. Festing knew it meant the water in the boiler was low. Covered by four revolvers, Festing was allowed to fill the boiler. This done, he was pushed back into the closet. Then there was an explosion. The guards hitting Festing a blow in the mouth, ran out of the building. He struggled to get loose, and when he was weak and exhausted, Emil Meyer came into the room with a rope hanging from his feet and arms. Meyer hastily cut his fellow workman loose. Meyer, who is due at the brewery at 2 o'clock, said as he neared the gate four men sprang out at him and drew their revolvers. Festing was forced to lie down on the ground, tied securely, and was carried to the second floor of the office. Two men stood guard over him with drawn revolvers for over an hour.

After the explosion occurred Meyer's guard ran off, and he succeeded in getting loose. Neither man could give accurate descriptions of the burglars. They said they wore white handkerchiefs over their faces.

The safe was found wrecked and blown open. All the office desks had been forced and rifled. About \$700 worth of revenue stamps in the safe were overlooked by the thieves.

### A NEW FLAG

For Cuba Designed for Vessels in the Coastwise Trade.

NEW YORK, May 9.—A special to the Herald from Washington says:

Cuba has been provided with a new flag by the United States government. That was designed for Cuban-owned vessels engaged in coastwise trade. It was not desired to give these vessels the American flag as that would be a step in the direction of annexation, nor the flag of the Cuban revolution, for that would be a step toward recognition. Accordingly the new ensign consists merely of a blue field with a white union.

The vessels which will fly this flag were formerly Spanish. In order to preserve to the Cubans the coasting trade of the island a privilege of much greater value to them than their slight participation in the foreign trade regulation was made when the military occupation of the island began. The permitting residents who owned vessels to continue in the coasting trade on condition that they adhere all allegiance to Spain. This regulation covered probably nine-tenths of all the vessels owned in Cuba.

### Catholic Knights Council.

KANSAS CITY, Mo., May 9.—Nearly one hundred delegates, with as many more visitors, from all parts of the country, were in attendance to-day upon the opening session of the twelfth biennial supreme council of the Catholic Knights of America. The feature of to-day's programme was the solemn high mass held at St. Patrick's cathedral. The officers and delegates formed in line at the Coates hotel and marched to the church, headed by the Uniform Rank company from Vincennes, Ind., under command of General J. W. Norhaus, supreme commander-in-chief. Father T. F. Lillis, of this city, preached the sermon. At noon the first regular session of the council was held at Lyceum hall. The delegates were welcomed by Mayor Jones, Edward Peeney, of Brooklyn, supreme president, responding. Frank Walsh followed in an address on behalf of the Kansas City members. Routine matters took up the remainder of the session and an adjournment was had until to-morrow, when the real work of the council will begin.

In afternoon the knights and their ladies were taken for a drive over the city.

### Affairs in Cuba.

HAVANA, May 9.—Army officers in Cuba are complaining that their duties have become over-arduous on account of the insufficient number of commissioned officers who are available for service throughout the island. A case in point is that of the Eighth United States Infantry regiment, from which half the officers are absent, making the labor of those who remain far greater than they should be in this climate. A majority of the men in this regiment are recent recruits, and require constant drilling. The officers, it is alleged, are in the circumstances practically drill sergeants. They complain that they are so hard-worked that they cannot even find time to enjoy their meals.

Walter A. Donaldson, assistant collector of customs here, is about to return to the United States on a two-month's leave. He has been instructed to go to Washington to confer with the treasury officials there regarding customs affairs. Mr. Donaldson has been continuously on the island since July of last year. He was the first American collector of customs at Santiago de Cuba.

### President at Hot Springs.

HOT SPRINGS, Va., May 9.—The President and Mrs. McKinley, Dr. Rixey, of the navy, Assistant Secretary Cortelyou, Mr. Barnes, a white house stenographer and the executive servants reached here at 8 o'clock this morning. Their special train was an hour ahead of its schedule time and thus the arrival at the depot was without a crowd of natives or guests. The party was met by Mr. Sterry, the manager of the Hot Springs and entering the hotel by a side door, their presence was unknown to any save Secretary and Mrs. Gage, who welcomed them in the apartments set aside for them. Dr. Rixey examined the bath houses immediately and the President will begin taking the baths to-day.

### Ordered to Manila.

NEW YORK, May 9.—The refrigerator ship Glacier has been ordered to Manila and will leave within a few days loaded with stores for Dewey's squadron. She will also take a large quantity of ammunition. The department has decided to send three of the large transports to Manila to assist in returning the volunteers to the United States. The boats will be the Meade, the Thomas and one other not yet chosen, but probably the Logan. No definite orders have been issued yet for the sailing of the boats for Manila. They will go by way of the Suez canal and it is believed by some that regiments of regulars will go out on the boats.

### Smallpox in Germany.

BERLIN, May 9.—In spite of precautionary measures, virulent smallpox is spreading. The disease was imported into Germany by Russian laborers and has already spread to Iserlohn, Wuerzburg and Hanover. Fresh cases are also reported at Quedlinburg, Reltzsch and Neuhaudersleben. There have been twenty cases thus far reported.

MANY old soldiers now feel the effects of the hard service they endured during the war. Mr. George S. Anderson, of Rossville, York county, Pa., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by druggists.

### FACTS ARE STUBBORN.

If Wheeling are not Convinced by Local Testimony, They Differ from Other People.

Facts are stubborn. Some may be disputed. None can be disproved.

A fact is always hedged about with proof.

Has to stand the test of investigation.

Or it drifts to the realm of doubt.

Investigate closely the following.

The closer the scrutiny the more convincing the result.

A Wheeling citizen speaks here:

Speaks from experience and conviction.

Mr. Anthony Beuter, miler, No. 914 Market street, says: "A weakness of my kidneys and an aching pain across the loins, came on in spells, often of weeks' duration. I had an almost unquenchable thirst and a distressing frequency of the kidney secretions, particularly inconvenient at night. I tried different remedies, but they did me no good, and the worst day I ever had in my life was when I sent for a box of Doan's Kidney Pills to the Logan Drug Company. I noticed myself improving in a few days. By the time I had completed the first box I felt almost entirely recovered, and I sent for another box. The removed the last attack completely."

Doan's Kidney Pills are for sale by all dealers, price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

### MRS. WHITNEY'S FUNERAL.

Very Impressive Services Held at Garden City, Long Island.

NEW YORK, May 9.—Funeral services over the remains of Mrs. William C. Whitney were held to-day in the cathedral of the Incarnation, Garden City, L. I. The services were preceded by a private ceremony at Mr. Whitney's home, Wheatley Hills, conducted by the Rev. Dr. W. S. Rainsford, rector of St. George's, New York, of which church Mrs. Whitney was a communicant.

The Rt. Rev. A. N. Littlejohn, bishop of Long Island, and the Rt. Rev. William C. Doane, bishop of Albany, officiated at the cathedral. Bishop Potter, of New York, being unable to be present. There was a full choral service, the music being given by the Cathedral choir of twenty-six voices.

The hymns were "Hark, Hark, My Soul," and "From All the Saints That From Their Labors Rest." The anthem sung was "Who So Dwelleth Under the Defense of the Most High Shall Abide Under the Shadow of the Almighty."

The interment was at Douglaston. During the committal service the anthem, "I Heard a Voice from Heaven," was sung.

The pall bearers were George Pollock, Thomas Newbold, Robert Bacon, Gould H. Redmond, Gardner G. Howland, George S. Bodwin, Frank Peabody and Thomas Hittcock.

The floral offerings were remarkable for their beauty and their great number.

Among them were bunches of violets and roses from working girls whom Mrs. Whitney had befriended.

More than three hundred persons went to Garden City from New York on a special train. The party included: Mrs. Frederick May, of Washington, mother of Mrs. Whitney; Frederick May, of Boston, brother of Mrs. Whitney; H. W. Whitney, of Boston, a brother of Mr. Whitney; Mr. and Mrs. William K. Vanderbilt, Jr.; O. H. P. Belmont, Mrs. M. McK. Twombly; W. L. Elkins, and P. A. B. Widener.

It required two special trains to carry the floral pieces from the Whitney home to Garden City. Flowers were sent by President and Mrs. McKinley, former president and Mrs. Cleveland, Governor Roosevelt, several members of President McKinley's cabinet and a number of United States senators and congressmen.

### Brethren who Dwell in Unity?

LONDON, May 9.—There was a scene during to-day's sitting of the archiepiscopal court, which convened on yesterday for a hearing of the charges of ritualistic practices against the Rev. Henry Westall, vicar of St. Cuthbert's, Philbeach Gardens, and the Rev. John Ram, vicar of the church of St. John, Timberhill, Norwich. During the proceedings John Kensit, the noted anti-ritualist, arose from his seat at the back of the guard-room of Lambeth palace, where the court is sitting, and shouted: "I wish to protest against the holding of this court." Mr. Kensit then began to read a written protest against the "so-called spiritual court" and especially against an inquiry "by your graces, who for years have deliberately set at naught your solemn ordination vows and allowed and often promoted well known lawbreakers in the church."

A storm of hisses greeted the protest, and the Archbishop of Canterbury, the Most Rev. Frederick Temple, cut Mr. Kensit short by adjourning the court for luncheon, amid cheers and derisive laughter.

### To Meet the Queen.

LONDON, May 9.—At the drawing room to-morrow Mrs. Joseph H. Choate, wife of the United States ambassador to Great Britain, will present Mrs. and Miss Bates, the wife and daughter, respectively, of Lieutenant Colonel Alfred E. Bates, the military attaché of the embassy; the wife and daughter of Mr. William M. Osborne, consul general of the United States at London; Mrs. John B. Mott, of Indiana, and Miss Ingraham.

### A Frightful Blunder.

Will often cause a horrible burn, scald, or cut, or bruise. Buckle's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures old sores, fever sores, ulcers, boils, felons, corns, all skin eruptions. Best cure on earth. Only 25 cts. a box. Cure guaranteed. Sold by Logan Drug Co., druggists.

### If the Baby is Cutting Teeth.

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gum, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle. mw&t

### CLYDESDALE OINTMENT

In case of any sore, it heals perfectly and leaves no scar. It cures most ailments than any other remedies. No matter what caused the sore, this ointment will positively heal it. Use it today and praise it to-morrow. Prices: For human, 25 cts. a box; for beast 50 cts. a box. Sold by all druggists, or write to your dealer, or best 75c.

### CLIMATE AND CROPS.

Report of Department of Agriculture for West Virginia.

PARKERSBURG, May 9.—The report of the climate and crops for West Virginia for the week ending May 8 is as follows:

Local showers or thunderstorms occurred daily over some portions of the state. The weather continued hot and sultry until the 5th, then a cooler condition entered and prevailed until the 7th inst.

Continued favorable conditions prevailed for the rapid advancement of farm work; corn planting is completed, or nearing completion, over nearly all counties, with the early planting coming up well and about ready for cultivation; over some counties there is still some plowing to be done, and little progress has been made in planting owing to the cloudy, hard condition of the ground.

The rains have refreshed and rapidly advanced the growth of wheat, grass, oats, rye and gardens, and all are generally reported in fine condition, except south of Parkersburg, where they are not doing so well, owing to drouthy conditions.

The early planted potatoes are coming on well, and some are being worked. Garden truck is in an excellent condition.

All fruit trees, except peach, are in full bloom and give abundant promise of large yields. Strawberries are very promising.

UPSHUR—Wheat, oats and grass have made good growth; corn planting well under way, first planting coming up; gardens looking fairly well.

TUCKER—Wheat, oats and grass in fine condition and growing nicely; corn planting about done, early coming up nicely.

BARBOUR—Wheat, grass and gardens doing nicely; corn about planted; oats and potatoes coming up nicely; pastures and meadows doing well.

LEWIS—Wheat and grass in fine condition; too dry for oats; gardens well along; corn nearly all planted.

HARRISON—Wheat and grass in fine condition; corn planting in progress, some coming up.

DODDRIDGE—Wheat and grass doing well; corn nearly planted, early corn up; potatoes being worked.

RITCHIE—Wheat and grass doing well, meadows short, but good color; corn planting nearly done and coming up well; tomatoes and cabbage seeded in large quantities.

CALHOUN—Drouth injuring all crops and oats probably ruined; grass cannot make half crop; wheat greatly damaged and prospects for corn very uncertain.

ROANE—Wheat, oats, grass and vegetables need rain; too dry for planted corn to come up.

WIRT—Wheat growing nicely; grass and oats need rain; clover beginning to head; corn and early potatoes coming up well.

WOOD—Drouth affecting upland wheat, grass and oats, doing well elsewhere; corn planting in progress, some plowing to do yet.

TILER—Wheat and grass growing, and corn and potatoes coming up nicely; drouth broken by rain.

WETZEL—Wheat and grass look well and corn planting well advanced; oats coming up nicely; potatoes looking good.

MARSHALL—Wheat, grass and potatoes looking well; corn planting finished.

OHIO—Wheat, oats, potatoes and grass doing well; potatoes forward.

HANCOCK—Wheat not looking well in many fields; oats and grass in good condition; crop outlook good.

MONONGALIA—Daily showers cause wheat, grass and oats to grow rapidly; corn mostly planted, some ready to work; meadows in fine condition.

MARION—Wheat and grass making rapid growth; oats doing well; corn coming up slowly; potatoes being cultivated; gardens looking well.

TAYLOR—Wheat, grass, oats and gardens growing nicely; corn planting in progress; meadows doing well; fruit making a good show.

PRESTON—Wheat, oats and grass in fine condition; corn planting in progress; oats up, look well.

### Flour Milling Combine.

CHICAGO, May 9.—The Post to-day says: A gigantic combination gathering in all the flour milling corporations at the head of the lakes, New York City, Buffalo and Syracuse, has been effected and to-morrow the score or more mills embraced in the deal will be turned over to the new management. The consolidation is capitalized at \$40,000,000. Officers and a board of directors have already been elected, and the leading spirits in the organization propose immediately to revolutionize the flour milling business of the country.

The corporation will be known as the United States Flour Milling Company, and the headquarters will be in New York. George Urban, of Buffalo, has been elected president, and Charles McIntyre, of New York, treasurer. The combined output of the mills controlled by this combination will exceed that of any of the great three independent concerns of Minneapolis and nearly equal their combined product.

### Dr. Briggs' Ordination.

NEW YORK, May 9.—No public announcement having been made on Sunday of the time and place for the ordination of Dr. Briggs, the belief has become more widespread that his admission to the Episcopal priesthood has been indefinitely postponed. A clergyman who has followed the course of events closely, says that a single solution of the difficulty would be for Bishop Potter to refrain from naming a new date for the ordination—in other words, do nothing. This course would neither the bishop nor Dr. Briggs, and for the present, at any rate, would allay the spirit of hostility to the ordination. On the one hand, Dr. Briggs would not withdraw his application for ordination; on the other, the bishop would be saved from the responsibility of immediate action.

### Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised me to try 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts., guaranteed, at Logan Drug Co.'s drug store, 6

# A SMALL SPOT MAY BE CANCER.

## MOST VIOLENT CASES HAVE

APPEARED AT FIRST AS

MERE PIMPLES.

operation—the only treatment which the doctors know for Cancer. The disease promptly returns, however, and is even more violent and destructive than before. Cancer is a deadly poison in the blood, and an operation, plaster, or other external treatment can have no effect whatever upon it. The cure must come from within—the last vestige of poison must be eradicated.

The greatest care should be given to any little sore, pimple or scratch which shows no disposition to heal under ordinary treatment. No one can tell how soon these will develop into Cancer of the worst type. So many people die from Cancer simply because they do not know just what the disease is; they naturally turn themselves over to the doctors, and are forced to submit to a cruel and dangerous operation.

Mr. Wm. Walpole, of Walslow, S. D., says: "A little blotch about the size of a pea came under my left eye, gradually growing larger, from which shooting pains at intervals ran in all directions. I became greatly alarmed and consulted a good doctor, who pronounced it Cancer, and advised that it be cut out, but this I could not consent to. I read in my local paper of a cure effected by S. S. S., and decided to try it. It acted like a charm, the Cancer becoming at first irritated, and then discharging freely. This gradually grew less and then disappeared altogether, leaving a small scar which soon dropped off, and now only a healthy little scar remains where what threatened to destroy my life once held full sway. Positively the only cure for Cancer is Swift's Specific."

## S. S. S. FOR THE BLOOD

—because it is the only remedy which can go deep enough to reach the root of the disease and force it out of the system permanently. A surgical operation does not reach the blood—the real seat of the disease—because the blood can not be cut away. Insist upon S. S. S.; nothing can take its place. S. S. S. cures also any case of Scrofula, Eczema, Rheumatism, Contagious Blood Poison, Ulcers, Sores, or any other form of blood disease. Valuable books on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.
